REPORT OF COUNCIL,

To the Members, at the Annual General Meeting, Wednesday, February 25th, 1885.

I. SESSION 1883–84.

PUPILS AND FEES.

The entire number of Pupils during this Session was 1865, being a decrease of 33 on that of the preceding Session. Of these Pupils, 1186 were Students in the College, and 679 Pupils in the School. Of the Students, 407 belonged to the Faculty of Medicine, 91 being new Students: in the Faculties of Arts and Laws and of Science there were 779 Students, 477 being new Students. The largest number of Boys in the School in any one Term was 582.

The Fees received (exclusive of those for Clinical Instruction) amounted to £32196 3*s.*, being £824 5*s.* less than in the Session 1882–83, and consisted of the following items:—Fees for attendance on the Classes of the Faculty of Medicine, £6738 18*s.*; Fees for attendance on the Classes of the Faculties of Arts and Laws and of Science, £11,555 5*s.*; School Fees, £13,902. The total payments to Professors, Teachers, and Masters amounted to £21,931 6*s.* 7*d.* In addition to the above-stated amounts, the sum of £2437 11*s.* 6*d.* was received for Clinical Instruction in the Hospital, making a total of £9176 9*s.* 6*d.* paid by Students of the Faculty of Medicine in the Session.

SCHOOL.

The returns which have been laid before the Council show that the discipline of the School remains in a satisfactory state.

The Juliana de Rothschild Prize of £20 for the candidate from the School who should obtain the highest place in the Honours Division at the June Examination for Matriculation in the University of London, was given originally by Mrs. Isaac Cohen in memory of her daughter, the late Baroness Mayer de Rothschild. Since Mrs. Cohen's death her daughter, Miss Lucy Cohen, has offered to continue giving the Prize from year to year. It was awarded last year to Lionel Davidson, who gained the second place in the Honours Division.

At the June Matriculation Examination in the University of London in 1884, three places in the Honours Division were gained by pupils of the School, the West Scholarship in English being awarded to one of the three, Lionel Davidson: and at the January Examination this year one pupil of the School obtained Honours.

Sir Barrow Ellis has again offered a Prize of £5 for the encouragement of the study of Geography.

The following Table shows the number of boys in the School in each of the three Terms of the last five Sessions:—

	1st Term.	2nd Term.	3rd Term.	Average for the year.
1879–80	667	657	664	662
1880–81.....	607	616	623	615
1881–82.....	600	599	587	595
1882–83.....	568	582	610	587
1883 84.....	582	576	566	575

In the first Term of the present Session the number was 561.

From the Tables submitted it appears that out of a total of 679 boys, 72 were entered in the Black Book last Session, the total number of entries being 96.

Four Scholarships, defraying half the cost of admission to the School for three years, will in July be offered for competition among boys between the ages of twelve and fourteen, whether already in the School or not.

II. GENERAL FINANCES.

The excess of expenditure over receipts for the Session 1883–84 was £1056 2*s.* 7*d.*, in consequence of the additions made to the Birkbeck Laboratory, and to the house in the College grounds now occupied by the Steward to the Hospital.

There was at the end of the Financial year a debt of £9790 17*s.* 6*d.* on the extension of the North Wing, being a reduction of £1100 7*s.* 7*d.* on the debt of last year, and there is still a debt of £34 8*s.* 2*d.* on the last addition to the South Wing.

III. THE CURRENT SESSION.

The entries of Students to February 1st, 1885, have been as follows:—in the Faculty of Medicine, 359, of whom 68 are new Students; in the Faculties of Arts and Laws and of Science, 679, of whom 363 are new Students: in the School, in Michaelmas Term, 561, of whom 91 were new pupils; in the present Term, 550, 53 being new pupils.

The College Fees received to February 1st are £5141 6*s.* 6*d.* in the Faculty of Medicine, and £9169 13*s.* in the Faculties of Arts and Laws and of Science.

DEATHS OF MEMBERS OF THE COLLEGE.

Mr. John Burder.
Mr. Edward Clennell Dunn.
Mr. P. H. Le Breton.
Mr. Jervoise Smith.
Dr. Allen Thomson.
Mr. John Tilleard.
Dr. Isaac Todhunter.
Mr. Alfred Tylor.
Mr. Henry Watts.
Hon. Mr. Justice Watkin Williams.
Sir Erasmus Wilson.

MR. HORTON.

In May 1884 the Council received, with deep regret, the announcement of the death of Mr. E. R. Horton, who for nine years as a Master, and, subsequently, for eighteen years as Vice-Master, had shown the greatest zeal and devotion to the interests of the School.

They have since been informed of a reversionary bequest by Mr. Horton of £1600, to be added to the Retired Masters' Fund originally instituted by him.

PROFESSORSHIPS.

Mr. M. J. M. Hill, a Fellow of the College, and also of St. Peter's College, Cambridge, has been appointed Professor of Mathematics. The vacancy caused by Professor Henrici's resignation of the Professorship of Applied Mathematics has been filled by the appointment of Mr. Karl Pearson.

Mr. R. H. Gunion, who in 1882 accepted the office of Lecturer on Sanskrit, has received the title of Professor.

Mr. Blumhardt has succeeded Colonel Sherlock as Lecturer on Hindi; and Mr. R. F. S. St. John has undertaken the Lectureship on Burmese vacated by Mr. J. George Scott.

* The names under this heading are in alphabetical order.
† Obtained the number of marks qualifying for the Medal.

BUILDING DEBT.

Miss Sharpe has made a further contribution of £200 for the reduction of the building debt, and Professor Atkinson has also kindly contributed £5 5*s*.

It is, however, necessary to remind the Members of the College that a sum of nearly £10,000 is still required.

EXTENSION OF THE BIRKBECK LABORATORY.

The increase in the number of Students of Chemical Technology has rendered it necessary to enlarge the Birkbeck Laboratory, at a cost of over £800, of which sum Professor Graham has subscribed £150.

The Laboratory is now capable of accommodating many more Students than formerly; and there are also several additional rooms for Metallurgical and other operations, for Balances, for a Museum, and for Polarimetric and Spectroscopic Observations.

It is proposed that the Museum should contain specimens for Lecture illustrations, and for examination and analysis by the Students of the raw and manufactured materials relating to various industries.

Friends of the College might give valuable aid by contributing such specimens.

Many Students have been lately taken from the Laboratory to fill lucrative and responsible positions, as manufacturers are beginning to recognize the value of the training provided in the College.

ELECTRO-TECHNOLOGY.

At the request of the Council, Dr. J. A. Fleming, a Fellow of the College, has undertaken to give in the Second and Third Terms a Course of Lectures, with practical demonstrations, on Modern Applications of Electricity in the Arts.

YATES ENDOWMENT OF CHAIRS OF GEOLOGY AND ARCHÆOLOGY.

In consequence of the death of Mrs. Yates, the legacy bequeathed by the late Mr. James Yates for the endowment of the Chairs of Geology and Archæology now reverts to the College. The Council have under consideration the arrangements to be made to carry these trusts into effect.

The bust of Mr. Yates has been placed in the Geological Museum.

BARLOW LECTURES.

Twelve Lectures on Dante's 'Divina Commedia' will be given after Easter by Professor Farinelli, probably commencing on May 1st. The Lectures will be in Italian. They will be open to the public without payment or tickets.

INDIAN SCHOOL.

The selected Candidates for the Indian Civil Service who study at University College have attained to more than average success. They have, as a whole, distinctly risen in the periodical and final examinations to higher places than they had obtained in the entrance examination. At the last final examination they obtained the prizes in Political Economy in Hindustani, in Hindi, in Marathi, in Gujerati, and in Burmese. At the periodical examination which has since been held, a student from University College obtained the prize in Sanskrit. Entries this Session have been diminished by the offer of a third year's probation in England to students of Oxford and Cambridge who

stay to graduate before going out to India. A like privilege is now being sought for selected candidates who wish to graduate in London.

UNIVERSITY COLLEGE SOCIETY.

Towards the close of the Session 1883-84 a "University College Society," which numbers already a thousand members, was founded for promoting fellowship within the College, by an incorporation of all who have or have had any part in its work, as governors, teachers, or students, into one body, acting through a representative Committee. This Committee having obtained subscriptions from Professors for additions to the comfort of the Men's Common Rooms, the subscription was supplemented by a grant from the Council; and the change thus made has been appreciated by the students, who have formed a Committee of their own to maintain in the improved Common Rooms comfort and good order. The Society has also brought members of the College together by holding five assemblies, with an average attendance at each of about 800.

PEEL MEMORIAL FUND.

The income of this Fund in 1884 was expended in the purchase of books &c., presented to the St. Clement's Working Men's Institute, Ipswich, the Working Men's Institute, Fowey, and the Yeadon Mechanics' Institute.

HOSPITAL.

Mr. Bilton Pollard, M.D., B.S., F.R.C.S., has been appointed Surgical Registrar for twelve months, vice Mr. V. A. H. Horsley, M.B., B.S., resigned.

The Committee of the Metropolitan Hospital Sunday Fund awarded to University College Hospital from their 1884 Collection £1400, and the Committee of the Hospital Saturday Fund £195 11*s.* 8*d.*

The "People's Contribution Fund in aid of the Hospital" has also contributed £500 to the Charity during 1884.

The past year being the 50th or Jubilee year of the Hospital, as it was opened for the reception of patients in 1834, the Lord Mayor kindly presided at a Meeting held on its behalf at the Mansion House on the 16th June last.

The "Appeal for Funds" made upon that occasion resulted not only in liberal Contributions amounting in the aggregate to £4,370, but in the establishment of two Funds entitled "The Jubilee Endowment and Building Fund" and "The Old Students' Jubilee Fund;" and it is hoped that additional contributions to these Funds will be received by the Committee of the Hospital in order that the permanent Income of the Charity may be placed upon a more satisfactory footing. The attention of Old Students is particularly directed to the Fund above mentioned, which was founded by past and present Students of the Hospital and College.

Notwithstanding the above contributions, the year closed with a heavy debt; and any Donations or Subscriptions in aid of the funds will be thankfully received by the Treasurer and the Secretary.

Return of Services of the Members of Council from February 1, 1884, to January 31, 1885, inclusive.
